

Nov. 7, 1973

A special meeting was held at 8:30 A.M. at the park pavilion to discuss laying of concrete block around the balance of the pavilion. It was agreed by all commissioners to go ahead and lay the block at a cost of \$1.00 per block (all materials to be furnished by the contractor). The price of \$1.00 per block was given by Mr. Matter (Collinsville Brick Contractors) who was on the job at the park working on the restroom area.

All park board members were present for the meeting.
